Reasons for Pool Closures

Pools may occasionally need to close unexpectedly due to contamination, chemical imbalance, or mechanical and maintenance issues. While many situations can be resolved quickly, some may require up to 24 hours for proper disinfection or troubleshooting. In certain cases, closures may last longer to ensure the health and safety of all users. Updates about temporary pool closures will be posted on the Town of Ponoka website (ponoka.ca) and on social media (Facebook, and Instagram @TownofPonoka).
